

PROJECT CONTEXT MAP

Doyle Avenue & Water Street Transportation and Utility Improvements
Open House
February 14, 2017

TRAFFIC & CONSTRUCTION MANAGEMENT

What to Expect During Construction:

- Construction is scheduled to begin in March of 2017 and completion is anticipated by June.
- Hours of construction will typically be between 7am – 7pm.
- Traffic will be one-lane alternating on Water Street during this time. Motorists should expect delays.
- Doyle Avenue will be west-bound only while deep utilities are installed and detours should be expected.
- Access to Parking lots on Doyle Ave. and Smith Lane will be maintained.
- Paving of Water Street from Queensway to Cawston will occur in June with complete closure and detours to be expected.
- Water closures will be scheduled around business hours to limit disruption of services.
- Water Street transit stop will be moved to Ellis Street.
